Comments/recommendations to the Board of Directors

Thank you for your support throughout! If there is ever any help needed within other committees or board activities the NEC would be a great resource since our job revolves around election time, committee members may be willing to help in other areas. I think that ANA-NY would benefit from outreach and more small scale events on a local basis since often times people will not travel across NY for the annual conference. Members will possibly consider voting more if there is an incentive to voting.

Goals for Coming Year:

To on board the new committee and encourage engagement and participation of ANA members to join committees and run for board positions.
