

ANA-NY 2022 Annual Meeting Report

Name of committee

Program Committee

Report details/accomplishments

The committee members discussed goals and objectives for 2022. One important goal was to provide interesting and relevant programs to membership. The focus for 2022 to self-care, care of the environment and wellness. The committee linked the ANA Healthy Nurse-Healthy New York Campaign and focused on educational series and programs/activities focused on wellness and the environment. The following were accomplishments for the program:

1. March: Resilience Webinar
2. April Beach Cleanup Day
3. April: Book Club: Books & Brunch: Peace is Every Step: The Path to Mindfulness in Every Day Life
4. May: Transgender Health Webinar 5/18/22
5. August: Pre-Diabetes Prevention 8/4/22 at 5 PM
6. August: Book Club/Book/Books & Brunch: The Poison Squad: One Chemist's Single-Minded Crusade for Food Safety at the Turn of the Twentieth Century

Michelle Caliva,
Seon Lewis-Holman
Ebe le Maduke,
Kimberly Corbisien,

Board Liaison

James Connelly

Number of meetings held

8 Meetings: December 2021 to August 2022; no meeting July, 2022

Comments/recommendations to the Board of Directors

Consider to more robust platform for sending invites and reminders for program registrations. Our programs had hundreds of registrations, however, only 20-30 people attended the actual programs. If someone registers for a program, they should be sent calendar invites to get it on their calendars.

Goals for Coming Year:

Planning for 2023

Using cultural calendar and health campaigns calendars as consideration for program offerings, i.e., February is Black History month, focus on Black Maternal Health

Implementing a Podcast Series
